**Addendum to Master Agreement for  
SBC PremierServ<sup>SM</sup> Voice CPE support Services**

**1 SCOPE**

This Addendum covers AT&T's sale of voice customer premise equipment ("CPE" or "Equipment") (under the attached Bill of Materials, Order or other applicable document), installation and/or maintenance Service for such Equipment to be provided by AT&T under the Maintenance Plan identified above (the Maintenance Plan), and as further described below. The Equipment is further described in the attached Bill of Materials, Order, SOW, Equipment listing or other applicable attachment. This Addendum also covers any Orders issued under this Addendum, as well as any additions or replacement to the Equipment or Service.

**2 SBC SERVICE AND SERVICE EXCLUSIONS**

A. During the term of the Maintenance Plan, AT&T will repair Equipment that malfunctions due to wear and tear resulting from normal use in accordance with standard operating instructions. Items excluded from coverage under the Maintenance Plan are headsets, portable telephones (cordless/wireless), answering machines, Contact Center servers, UPS systems, power conditioners and power supplies (including batteries and chargers), consumables and any Software which is at a revision level not supported by the Software licensor. AT&T does not remove or recycle batteries.

B. The Maintenance Plan and any and all warranties provided to Customer in this Addendum or the Master Agreement do not cover malfunctions or defects resulting from abnormal or nonstandard uses or conditions including, but not limited to, the following types of causes: failure to provide a suitable environment for the Equipment, including exposure to improper temperature, humidity, chemicals or airborne agents, Customer abuse, misuse or use contrary to standard operating instructions; improper electrical voltages or currents; power or lightning surges or power interruption; improper storage or placement of the Equipment; damage caused by unauthorized attachments or modification; use with or interconnection of the Equipment to incompatible electrical or mechanical devices; and the installation, maintenance or disassembly, repair or alteration of the Equipment by any person other than AT&T, or an entity expressly approved by AT&T in writing; or Forced Majeure occurrences.

In such excepted cases, Customer will pay AT&T in accordance with AT&T's then prevailing rates in connection with diagnosing such excepted problems and for any resulting repairs. Customer (i) is solely responsible for adequately backing up data and ensuring that its networks/systems are secured against unauthorized intrusion; and (ii) acknowledges that CPE/Software that supports telephony over Transmission Control Protocol/Internet Protocol (TCP/IP) may experience certain compromises in performance, reliability and security even when performing as warranted and that failure to follow manufacturer/licensor recommendations may make such compromises more acute.

C. AT&T's maintenance Service provided under the Maintenance Plan shall include preventive and remedial maintenance, as required by the CPE manufacturer's specifications or by AT&T. Replacement parts and products may be new or equivalent to new in performance. Such parts and products will be furnished on an exchange basis and the returned parts and products will become the property of AT&T. AT&T's preventive and remedial maintenance Service obligations hereunder do not include, and AT&T is not otherwise obligated to provide replacement parts, software releases, second tier help desk support, updates, or maintenance Service resulting in CPE functionality which exceeds that expressly provided in manufacturers' or suppliers' specifications at the time such product was installed (including Year 2000 functionality).

D. AT&T makes no guarantee as to parts availability on Equipment that has been discontinued by its manufacturer. In the event a manufacturer discontinues producing any Equipment or in the event the Equipment has outlived the manufacturer's suggested product life cycle, AT&T shall continue to provide Service under the Maintenance Plan for as long as parts are available on a commercially reasonable basis. In the event repair parts are not readily available, AT&T shall advise Customer and Customer shall have the option to replace the Equipment with a similar product at AT&T's then prevailing rates. In the event Customer declines to authorize such replacement, AT&T shall delete such Equipment from this Addendum and cease providing Service for such Equipment, and AT&T will issue, if applicable, a pro-rata refund for such deletion.

E. The periodic charges specified herein include all the stated maintenance Service performed at any time in connection with Emergencies and Non-Emergencies during Normal Business Hours. An "Emergency" is defined as any malfunction that leaves Customer unable to place or receive calls through the CPE, or any other failure agreed to in writing by the Parties.

F. Service performed outside of Normal Business Hours or outside the scope of the Maintenance Plan will be charged on a per occurrence basis billed in fifteen (15) minute increments with a minimum of two (2) hours at AT&T's then prevailing hourly or premium hourly rate including travel time to and from Customer's Site. Customer shall also be responsible for travel and living expenses, when required. Provisioning of such Service shall be at the discretion of AT&T and shall be subject to the availability of personnel and parts, if applicable.

G. In the event AT&T responds to Customer's request for Service and AT&T reasonably determines that the problem was not caused by the Equipment maintained herein, Customer will be responsible for additional charges for such response at AT&T's then prevailing rates.

**Confidential Information**

This agreement is for use by authorized employees of the Parties  
and is not for general distribution in or outside the respective companies.

**Addendum to Master Agreement for  
SBC PremierServ<sup>SM</sup> Voice CPE support Services**

H. AT&T's responsibility with respect to its obligation to provide maintenance Service under this Addendum shall be limited to the Customer's side of the CPE residing on the Demarcation Point ("Demarcation Point" is defined as the point between facilities controlled or owned by the local telephone carrier and those facilities controlled or owned by Customer). Maintenance Services include maintenance as described herein for: (i) the CPE and/or associated system software stated herein; and (ii) such other equipment and/or software which is subsequently added to this Addendum by an Order, attachment or other applicable document. In the event that AT&T responds to Customer's request for Service and Customer's claim of CPE malfunction is due to problems on the local telephone utility's side of the Demarcation Point due to malfunctions in equipment or software other than that covered by this Addendum, Customer will be responsible for additional charges for such response in accordance with AT&T's then prevailing rates.

I. AT&T may suspend performance or terminate this Addendum if Customer fails to pay all amounts due by the applicable due date and such failure is not cured within 10 days of receiving AT&T's notice of non-payment.

### **3 SHIPPING AND DELIVERY**

A. All shipping, transportation and delivery charges for the Equipment, including expedites, shall be paid by Customer. AT&T shall use commercially reasonable efforts to deliver the Equipment by the delivery date specified in this Addendum. Customer may, upon written notice to AT&T no later than ten (10) days prior to delivery, postpone the delivery, installation or Cutover dates specified in this Addendum one (1) time.

B. Such postponement shall not exceed thirty (30) days from the originally scheduled delivery, installation or Cutover dates and is subject to price changes.

### **4 INSTALLATION AND CUTOVER.**

In the event AT&T connects the Equipment or installs the Software on such Customer owned equipment, AT&T shall not be liable for any damage to such Customer owned equipment, unless due to AT&T's sole negligence. AT&T shall use commercially reasonable efforts to complete installation and Cutover of the Equipment by the dates specified in this Addendum. Cutover shall be deemed accomplished upon connection to the telephone network to place and receive calls. Cutover of Equipment that is not dependent on the telephone network will occur when the Equipment is operational.

### **5 WARRANTY AND WARRANTY EXCLUSIONS.**

A. Unless otherwise provided within Bill of Materials, Statement of Work or other attachment, the "Warranty Period" for Equipment shall be twelve (12) months (and in the case of AT&T-provided Software related to the Equipment, ninety (90) days (or such longer period provided by AT&T's applicable Software licensor)) from the date of delivery to the carrier for shipment, or from the date of installation when AT&T provides installation (or from such other date as determined by the applicable Equipment/Software manufacturer/licensor). AT&T warrants that during the Warranty Period, the CPE/Software shall materially conform to the manufacturer's/licensor's published specifications. If Customer notifies AT&T of a material defect during the Warranty Period, AT&T shall, at AT&T's sole option, repair or replace the Equipment/Software, free of charge to Customer. AT&T's repair or replacement of CPE/Software shall be Customer's sole remedy for breach of the warranty as stated herein. All warranty Services will be performed during Normal Business Hours.

B. During the Warranty Period, any change in the location of CPE must be performed by AT&T and shall be at Customer's expense.

C. Customer may request maintenance Service twenty-four (24) hours a day, seven (7) days a week by calling AT&T. If Customer's problem is an Emergency, AT&T will use reasonable commercial efforts to respond to Customer's report of a malfunction by dispatching a technician to the Site or by beginning remote diagnosis, as appropriate within two (2) business hours for PBX systems and four (4) business hours for key, hybrid or any other system, and will complete the appropriate repairs as soon as reasonably practical. Remote diagnostics require customer provided access line and remote access device on all covered equipment with capabilities.

D. In the event the problem is a non-Emergency, AT&T shall use reasonable commercial efforts, within eight (8) business hours after Customer's problem is reported, to either: (i) commence repair or replacement from a remote location, (ii) dispatch Service personnel to Customer's site, or (iii) ship replacement CPE as soon as practical, provided, however, Customer must return the defective CPE within ten (10) days or AT&T shall invoice Customer for the full replacement cost. AT&T reserves the right to inspect all defective CPE and AT&T shall have final determination of the status of such CPE.

Addendum to Master Agreement for  
SBC PremierServ<sup>SM</sup> Voice CPE support Services

D. **SBC PremierSERVSM Voice CPE Support Services – Custom.** Custom provided maintenance shall include the Services as agreed to by Parties as described in the document.

E. **Contact Center Software Support Services Option:**

If selected on page 2 above, Customer elects to purchase AT&T Software Support Services as additional support to the selected maintenance plan. The additional support is described below:

1 AT&T's software support services may include preventive and/or remedial maintenance, as required by AT&T or its supplier. The software support services may also include technical telephone consultation and diagnostic assistance, problem origination and expedite resolution. Software support services are typically performed remotely. AT&T may provide on-site support services as AT&T deems necessary. AT&T's preventive and remedial software support services obligation hereunder do not include, and is not otherwise obligated to provide software releases, updates, upgrades or maintenance service resulting in Contact Center Software functionality which exceeds that expressly provided in AT&T's or its suppliers' specifications at the time such Software was installed (including Year 2000 functionality). Any software which is at a revision level not supported by the software licensor will be excluded from coverage.

A **Contact Center Software Support Services – Complete.** This service option is available with the SBC PremierSERVSM Voice CPE Support Services - Complete Maintenance Plan. Customer may request software support service twenty-four (24) hours a day, seven (7) days a week by calling AT&T. If Customer's problem is Severity Level 1 (as described herein), AT&T shall, within two (2) hours after Customer's notification is logged in at AT&T's Data Services Customer Care Center (DSCC), commence error correction activity from a remote location. In the event AT&T does not respond within two (2) hours to Customer's Severity Level 1 (as described herein), the problem will be escalated. If Customer's problem is a Severity Level 2 or 3 (as described herein), AT&T shall use reasonable efforts, within eight (8) business hours after Customer's problem is logged in by the DSCC, to commence error correction activity from a remote location.

B **(b) Contact Center Software Support Services – Essential.** This service option is available with the SBC PremierSERVSM Voice CPE Support Services - Essential Maintenance Plan. Customer may request maintenance service twenty-four (24) hours a day, seven (7) days a week by calling AT&T. If Customer's problem is Severity Level 1 (as described herein), AT&T shall, within two (2) business hours after Customer's notification is logged in at AT&T's DSCC commence error correction activity from a remote location. In the event AT&T does not respond within two (2) business hours, during AT&T's Normal Business Day, to Customer's Severity Level 1 (as described herein), the problem will be escalated. If Customer's problem is a Severity Level 2 or 3 (as described herein), AT&T shall use reasonable efforts, within eight (8) business hours, after Customer's problem is logged in by the DSCC, to commence error correction activity from a remote location, during AT&T's Normal Business Day.

2 **Severity Levels Defined**

A **Severity Level 1:** Application is inoperative; inability to use application materially impacts Customer's operations. If a bypass procedure is not utilized, AT&T will continue error correction activity according to selected maintenance plan or optionally, on a time and materials basis. In addition, AT&T shall provide verbal status reports on Severity Level 1 errors at intervals of no less than twice per day to designated Customer support representative, until a bypass is found.

B **Severity Level 2:** Application is usable with limited functions. Error condition is not critical to continuing operation. Customer or AT&T has determined the method of work around for the error condition.

C **Severity Level 3:** Application is usable, but a minor problem exists.

F **Software Release Subscription Services Option (Applies to Nortel products).** As additional support to the selected Maintenance Plan and Contact Center Software Support Services option, Customer elects to purchase Software Release Subscription Services as described below:

1 Software Release Subscription (SRS) provides entitlement to new General Announcement (GA) releases of software as approved for use by AT&T for specified Nortel Networks Enterprise Systems (Nortel) at a fixed price. SRS is a non-transferable, non-refundable contracted service offering, which provides customers access to future major and minor software releases, "like-for-like" with existing customer owned software for the term of the SRS Service Plan. Hardware, labor or maintenance costs associated with any upgrades are not covered and any licenses/software that are added during the term of the SRS Service Plan will incur additional charges. In accordance with this agreement, all system hardware upgrades, software upgrades, Moves, Adds, Changes, and repairs must be performed by AT&T. Failure to adhere to this policy will result in additional charges or cancellation of this agreement.

2 AT&T makes no guarantees as to the number of new software releases that will be released by the manufacturer for the term of the SRS Service Plan. Once AT&T has approved a new software release for general availability, the customer may notify their Sales Representative of their desire to upgrade. Failure to upgrade to the latest software release may result in incompatibility with new or existing applications. Additional charges will be incurred to upgrade if software level is not kept at the current level.

Confidential Information  
This agreement is for use by authorized employees of the Parties  
and is not for general distribution in or outside the respective companies.

**Addendum to Master Agreement for  
SBC PremierServ<sup>SM</sup> Voice CPE support Services**

- 3 AT&T is not otherwise obligated to provide software release information, updates, upgrades or maintenance service resulting in Software functionality which exceeds that expressly provided in AT&T's or its suppliers' specifications at the time such Software was installed (including Year 2000 functionality). Section 3.9, of the Master Agreement (Warranties; Disclaimer of other Warranties) applies to any software subscription by Customer under this Section.

**7 AGENCY**

During the term of this Addendum, Customer will not permit any other person to maintain, repair or modify the CPE or to connect any other equipment. To the extent necessary for AT&T to perform its Services under this Addendum, Customer agrees that AT&T will be Customer's Site agent to represent Customer in any dealings with any telephone company or government agency with respect to CPE maintenance provided hereunder. Customer assumes all ongoing responsibility of directory listings, credit cards, system security, billing arrangements and other items not related to Equipment or Services provided by AT&T unless expressly stated otherwise under this Addendum or some other express written agreement between Customer and AT&T.

**8 CHANGE IN EQUIPMENT**

AT&T will have the right and option of conducting periodic equipment reviews for additions and/or deletions which may have occurred and all service pricing shall be adjusted accordingly. In the event that Customer terminates this Addendum, or reduces the grade of Services provided hereunder prior to expiration of the term(s) herein, the 50% early termination liabilities set forth in the Master Services Agreement will apply unless otherwise noted.

**9 RENEWAL**

Unless terminated by either Party upon at least thirty (30) days written notice prior to expiration of the then existing Term, and to avoid Service interruption, the then current Term of any services included in this Addendum shall automatically extend for consecutive one (1) year Term(s) at AT&T's then current pricing for such Services. Upon extension of any Maintenance or Service Plan, the services provided by AT&T shall remain unchanged (except with respect to pricing) unless both Parties agree in writing to any changes at the time of extension. AT&T may only increase the price of the Maintenance or Service Plans provided herein at: (i) the expiration of the initial term; (ii) commencement of any subsequent extension term; or (iii) the time Equipment is changed, upgraded or added to this Addendum. AT&T will provide Customer with a 30 day notice of such increases.

**10 SBC CAPITAL SERVICES ("SBC-CS") FINANCING OPTION.**

☐ \_\_\_\_\_ (Customer initials)

Customer elects to finance the Total Purchase Price through SBC-CS. Customer hereby requests that AT&T invoice SBC-CS and arrange for payment as described below:

AT&T will invoice Customer in care of SBC-CS for 100% of the Total Purchase Price upon Cutover (as defined in the Agreement) and the Invoice shall be paid promptly after its delivery to SBC-CS, provided that all required lease documentation has been properly executed and received by SBC-CS. If all lease documentation is not executed and received by SBC-CS Customer agrees and will pay the Total Purchase Price to AT&T upon receipt of an invoice from AT&T.
